We would appreciate having a statement about your philosophy and work as an artist—either general or something specific about the piece(s) selected for this year's May Show to aid us in the preparation of gallery talks and in the release of publicity materials. I enjoy experimenting with various media - pushing its limits in unusual ways. I wanted the metal (gold here) to have a fluid-organic feeling - no sharp, hard edges as more common to forging or assembling ~~metal~~ cold metal. Casting (as in this piece) offers unlimited options for free flowing forms by using ~~various~~ unusual materials for the model to be cast. *LS.*
